

## IT WAS AN INDUSTRIAL DAY.

They Score the Only Important Loss in Prices.

BONDS WERE VERY DULL.

SHIPMENTS OF GOLD LOOKED FOR ON WEDNESDAY.

Strength of the Rates of Sterling Exchange Continues—Vail All Railroads Show Increased Earnings—A Bear Raid Drives Down Various Prices—Western Live Stock Market Active—General Glances.

NEW YORK, Nov. 25.—The stock market today was an industrial market. The total transactions in the securities footing up \$15,000,000 share of a total of 202,500 recorded. The industrial also scored the only important loss in prices. The railroad list did not respond to the weakness in the other market, being favored by moderate purchases of the international shares for foreign account and by reassuring advices as to the progress of the settlement upon the London stock exchange. Other bull arguments on the railway list includes estimate of a smaller amount of gold to go out this week than has been figured upon, owing to an increased supply of cotton bolls, and encouraging railroad exhibits. The strength of the rates of sterling exchange continued however, and in the best informed circles it is confidently expected that shipments of gold will be made on Wednesday. With hardly an exception all of the railroads making exhibits of earnings for the third week in October, reported increases. In the industrial sugar absorbed about one-half of the dealings. The market opened dull with the only feature weakness in the industrial and a firm undertone to the railway list with the influences previously noted. After 11 o'clock sectional rallies occurred all around until a further bear raid drove prices to the lowest of the day. For the rest of the day, up to the closing, the speculation was dull and heavy in tone, except for the railroads. The final sales showed losses of 2 1/2 in Tobacco, 1 1/2 in Sugar and 1/2 per cent. in Distilling. These stocks left off at the lowest of the day. Trading in bonds today was dull, the dealings aggregating \$359,000. Money on call easy at 1 1/2 per cent. closed 2 1/2.

Prime mercantile paper 3 1/2 per cent. Sterling exchange firm with rail business in bankers' bills at 4.85 1/2 for demand, and 4.87 1/2 for sixty days; postal notes, 4.85 1/2 for demand, 4.87 1/2 for sixty days.

Silver certificates, 67 1/2 per cent. Government bonds steady. State bonds inactive. Railroad bonds dull. Petroleum strong 1.35 bid.

**PUEBLO'S EXCHANGE.**  
Pueblo, Colo., Nov. 25.—Nearly 500,000 shares of Pueblo Creek mining stock were traded in at the Pueblo Mining Stock Exchange this afternoon. All the Colorado Springs exchange also present. The exchange was very active and the trading was very spirited and the exchange hall was so crowded that the sidewalk in front of the building was almost impassable.

**CHICAGO GENERAL MARKET.**  
Chicago, Nov. 25.—WHEAT—Opened firm and closed at an advance for the day of 1/2 cent. per bushel. The strength came from the news of California shipments of considerable amounts of wheat to Australia, damage to and poor prospects for the Argentine wheat crop, a good demand for round lots of red wheat for shipment from here, and an increase of from 1/2 to 1 cent per bushel in the premium bid for it.

The sales of round lots were variously reported at from 75c to 1 1/2c. The price was 1 1/2c in one instance. The demand here for winter wheat for shipment was again in evidence, and altogether the late news was of a character to worry the shorts. May wheat from 6 1/2 at the opening, rose to 6 3/4 and was bringing 6 1/2c within a minute or two of the close.

Corn was a shade firmer, partly because of the damp weather, but perhaps more largely on account of the movement in wheat. November closed 2 1/2c, an advance for the day, and December gained 1/4, while May is up 1/8. Last trading prices were: November, 2 1/2c; December, 2 3/4c.

Very little business was transacted in oats and the market was quiet from beginning to end. Fluctuations were narrow. December ranged from 17 1/2 to 18, closing 18 1/2. The latter price was opened at 18 1/2, sold to 18 1/2, and was offered at the latter price at the close, an advance 1/4 since Saturday.

The provision market was firm and the speculative business was a shade more active, or rather it should be called less dull. Some buying of May by the Logan & Co., and of pork by Norton & Worthington early in the day, although not on an extensive scale, imparted some steadiness to the trade and the good send off it got in that was added to the firmness of the grain market. The following are the advances in prices since Saturday: Pork, 1/2c; lard, from 2 1/2 to 3c, and ribs from 5c to 7 1/2c.

The leading futures were as follows:

WHEAT—No. 2	Open	High	Low	Close
